La 5e vague - Tome 3 eBook: YANCEY, Rick, DEROYAN ...

« La 5ième vague » est le premier tome d'une trilogie de Rick Yancey. Un roman young-adult post-apocalyptique. La version cinéma est sortie ce mois-ci. La Terre connaît sa première invasion extraterrestre. Le livre débute lorsque l'invasion a déjà commencé et que Cassie est seule. Elle se remémore au fur et à mesure son ancienne vie et j'ai apprécié cette manière originale de ...

Ils sont parmi nous. Ils sont dans leur vaisseau. Ils sont nulle part. Ils veulent la Terre. Ils veulent qu'elle nous revienne. Ils sont venus nous exterminer. Ils sont venus nous sauver... Cassie a été trahie. Ringer aussi. Et Zombie. Et Nugget. Et les sept milliards

d'humains qui peuplaient notre planète. Trahis d'abord par les Autres, et maintenant par eux-mêmes. En ces derniers jours, les rares survivants sur Terre se retrouvent confrontés au dilemme ultime : sauver leur peau... ou sauver ce qui les rend humains...

Ils connaissent notre manière de penser. Ils savent comment nous exterminer. Ils nous ont enlevé toute raison de vivre. Ils viennent maintenant nous arracher ce pour quoi nous sommes prêts à mourir... A l'aube de la 5e Vague, sur une bretelle d'autoroute désertée, Cassie tente de Leuréchapper...Eux, ces êtres qui ressemblent trait pour trait aux humains et qui écumant la campagne, exécutant quiconque a le malheur de croiser Leur chemin. Eux, qui ont balayé les dernières poches de résistance et dispersé les quelques rescapés... Pour Cassie, rester en vie signifie rester seule. Elle se raccroche à cette règle jusqu'à ce qu'elle rencontre Evan Walker. Mystérieux et envôûtant, ce garçon pourrait bien être son seul espoir de sauver son petit frère, voire elle-même. Du moins, si Evan est bien celui qu'il prétend... Mais la jeune fille doit d'abord faire des choix : entre confiance et paranoïa, entre courage et désespoir, entre la vie et la mort. Va-t-elle baisser les bras et accepter son triste sort, ou relever la tête et affronter son destin ? Car ce qui ne vous tue pas vous rend plus fort.

L'ennemi, c'est l'Autre. L'ennemi, c'est nous. Ils sont parmi nous. Ils sont dans leur vaisseau. Ils sont nulle part. Ils veulent la Terre. Ils veulent qu'elle nous revienne. Ils sont venus nous exterminer. Ils sont venus nous sauver... Sous ces énigmes se cache une vérité : Cassie a été trahie. Paireil pour Ringer. Pour Zombie. Pour Nugget. Et pour les 7,5 milliards d'humains qui peuplaient notre planète. Trahis en premier lieu par les Autres, et maintenant par nous-mêmes. En ces derniers jours, les rares survivants sur Terre vont être confrontés au dilemme ultime : sauver leur peau... ou sauver ce qui nous rend humains.

The highly-anticipated finale to the New York Times bestselling 5th Wave series. The enemy is Other. The enemy is us. They're down here, they're up there, they're nowhere. They want the Earth, they want us to have it. They came to wipe us out, they came to save us. But beneath these riddles lies one truth: Cassie has been betrayed. So has Ringer. Zombie. Nugget. And all 7.5 billion people who used to live on our planet. Betrayed first by the Others, and now by ourselves. In these last days, Earth's remaining survivors will need to decide what's more important: saving themselves . . . or saving what makes us human. Praise for The Last Star "Yancey's prose remains achingly precise, and this grows heavier, tighter, and more impossible to put down as the clock runs out...this blistering finale proves the truth of the first two volumes: it was never about the aliens."--Booklist, starred review "A haunting, unforgettable finale."--Kirkus Reviews "Yancey doesn't hit the breaks for one moment, and the action is intense, but the language always stays lyrical and lovely. It's a satisfying end to an impressive trilogy, true to the characters and the world Yancey created."--Entertainment Weekly "Yancey has capped off his riveting series with a perfect ending."--TeenReads.com " T]he ending provides both satisfaction and heartbreak."--Publishers Weekly "Yancey's writing is just as solid and descriptive as in the first two books.... What Yancey does beautifully is reveal the human condition."--Examiner.com "Rick Yancey sticks the (alien) landing in the action-packed finale to his The 5th Wave invasion saga . . . And the author gives us a major dose of girl power as well, pairing Cassie and Ringer for an uneasy alliance that provides the best moments in this fantastic series' thought-provoking and satisfying conclusion."--USA Today Praise for The 5th Wave Now a major motion picture starring Chlo Grace Moretz "Remarkable, not-to-be-missed-under-any-circumstances."--Entertainment Weekly "A modern sci-fi masterpiece . . ."--USAToday.com "Wildly entertaining . . . I couldn't turn the pages fast enough."--Justin Cronin, The New York Times Book Review Praise for The Infinite Sea "Heart-pounding pacing, lyrical prose and mind-bending twists . . ."--The New York Times Book Review "Impressively improves on the excellent beginning of the trilogy."--USA Today "An epic sci-fi novel with all the romance, action, and suspense you could ever want."--Seventeen.com Books in the series: The 5th Wave (The First Book of The 5th Wave) The Infinite Sea (The Second Book of The 5th Wave) The Last Star (The Third Book of the The 5th Wave)

All three volumes in Yancey's award-winning, "New York Times"-bestselling series are collected in this box set: "The 5th Wave, The Infinite Sea, " and "The Last Star."

—Booklist

DECEPTION, book THREE of FIVE in Aleatha Romig's INFIDELITY series. "Infidelity - it isn't what you think" It all began in Del Mar, a chance meeting with a single rule—one week only. Or did it? Lennox 'Nox' Demetri and Alexandria 'Charli' Collins had every intention of following their agreement but rules are made to be broken. In CUNNING they are reunited with Nox setting down new rules for the game and Charli having no choice but to follow them. Now, once again, the game has changed. Nox and Charli's hot sensual encounter has grown into something more but it is threatened with secrets and regrets. Is it their love and intense sexual chemistry that's pushing them together or something darker, a puppetmaster behind the scenes pulling the strings on their love affair? Shadowy villains lurk around each corner and everyone is suspect as Nox's and Charli's pasts collide with the present and threaten to compel them back to their predestined fates. Can deals brokered in the past be negated by something as pure as love and as steamy as the attraction shared by Nox and Charli? Or was it all a deception—starting with that very first meeting? From New York Times and USA Today bestselling author Aleatha Romig comes a sexy, new dominant hero who knows what he wants and a strong-willed heroine who has plans of her own. With classic Aleatha Romig twists and turns, the depth of this epic romantic suspense continues to reach new levels as past and present intertwine. The Infidelity series will have readers swooning one minute and screaming the next. Have you been Aleatha'd? DECEPTION is a full-length novel, over 300 pages, and the third of five books in the INFIDELITY series - It isn't what you think! (This series is not about nor does it advocate or condone cheating)

In 1945 when the atomic bombs were dropped in WWII, our "protectors" and "watchers" in outer space saw that Earth was on a collision course with disaster. The prime directive of non-interference prevented them from taking any action, but then they came up with a brilliant plan to save Earth and assist her in her ascension. They couldn't interfere from the "outside", but maybe they could influence from the "inside". So the call went out for volunteers to come and help. "Earth is in trouble - who wants to volunteer?" The native souls living on Earth were too caught up on the wheel of karma. The only hope was to ask for pure souls to come who had never been trapped on the karmic cycle. Dolores in her hypnosis work has discovered three waves of these volunteers. Some have come direct from the "Source" and have never lived in any type of physical body before. Others have lived as space beings on other planets or other dimensions. Because all memory is erased upon entry to the Earth dimension, they do not remember their assignment. Thus these beautiful souls have a difficult time adjusting to our chaotic world. These souls have a vital role to play as they help all of the rest of us ascend to the New Earth.
\* Characteristics of the Three Waves of Volunteers
\* The Difficulties being Experienced by First-Timers
\* How the Shift is affecting the Physical Body
\* The Roles of ETs and Light Beings in the Shift
\* Keepers of the Grid
\* The Separation of the Old and New Earth
\* What is the New Earth?
\* What is the Significance of 2012?

Few African countries provide for an explicit right to a nationality. Laws and practices governing citizenship leave hundreds of thousands of people in Africa without a country to which they belong. Statelessness and discriminatory citizenship practices underlie and exacerbate tensions in many regions of the continent, according to this report by the Open Society Institute. Citizenship Law in Africa is a comparative study by the Open Society Justice Initiative and Africa Governance Monitoring and Advocacy Project. It describes the often arbitrary, discriminatory, and contradictory citizenship laws that exist from state to state, and recommends ways that African countries can bring their citizenship laws in line with international legal norms. The report covers topics such as citizenship by descent, citizenship by naturalization, gender discrimination in citizenship law, dual citizenship, and the right to identity documents and passports. It describes how stateless Africans are systematically exposed to human rights abuses: they can neither vote nor stand for public office; they cannot enroll their children in school, travel freely, or own property; they cannot work for the government.--Publisher description.

Feedback from users suggest this resource book is more comprehensive and more practical than many others in the market. One of its strengths is that it was written by trainees in internal medicine who understand the need for rapid access to accurate and concise clinical information, with a practical approach to clinical problem solving.
