The World Transformed is about imagining the world we want to live in and planning how we get there. And it ' s about doing it together. We want to see the transformation of today ' s society into one based on economic, environmental and social justice - a society where power is transferred from the establishment and into the hands of the many, and where oppression of all kinds is dismantled.

1968: The World Transformed presents a global perspective on the tumultuous events of the most crucial year in the era of the Cold War. By interpreting 1968 as a transnational phenomenon, authors from Europe and the United States explain why the crises of 1968 erupted almost simultaneously throughout the world.
