Life! It's not only about how you live it, but also what you know about it. One of life's biggest secrets is to look at your job and ask yourself if you are working to live? Or are you living to work? This simple question can tell you a lot about how you look at life and maybe some reasons why you might not be living to your full potential. This guide is to give you an inside look to start living life, and start looking at life in a little different way. Things you can do to live longer, things to avoid, things to watch out for, everything from growing old, to making sure you know what you are putting into your body. **BONUS:** There is a whole book within the book about children's health, and how to keep your kids healthy, not only with the food you feed them, but mentally, and physically. Included are activities you can do for physical and mental health, plus some
