Feisy, aspiring journalist Rebecca Fine struggles to make ends meet by writing a beauty column, while dealing with a Jewish dating service, her widowed father's engagement to an unpleasant classmate, and a sexy new coworker, until she discovers that the hot new anti-wrinkle cream is made of truth serum. Reprint.

Mexico's leading cultural critic, published for the first time in English. Carlos Monsivais is one of Latin America's sharpest social commentators, rivalling the popularity of Carlos Fuentes and Octavio Paz in his native Mexico. In this, the first translation in book form of his work, he presents an extraordinary chronicle of contemporary life south of the Rio Grande, ranging over subjects as various as Latino hip hop, Delores del Rio, the writer Juan Rildo, boleros, pop music, and melodrama. Monsivais's chronicles are laconic and satirical, taking as a constant theme the conflicts between Mexican and North American culture and between modern and traditional ways of life. A dazzling mixture of reportage and biting social criticism, Mexican Postcards is certain to establish Monsivais's rightful place in the pantheon of Latin America's greatest writers.

What do you do after you walk down the aisle in four weddings in a few months—none of them your own? What's left after you've donned the must-have-not dresses of the season, forked over your cash, and fake-smiled your way through countless photos? After you've dealt with the smashed guest, the smooshed cake, the dashed hopes, and the missed bouquets? That's what Cate Padgett is starting to wonder, as she embarks on stint after stint on the sidelines, watching friends swap bar-hopping for baby-naming...while her own love life goes nowhere fast. But is Cate unwilling to settle down—or just unwilling to settle? And can anyone really judge her if they haven't walked in her dyed-to-match shoes? Wild, witty, and full of weddings to cry over, *Always the Bridesmaid* is an endearingly romantic comedy about standing out in the crowd even when everyone's wearing the same celery-green dress...and daring to make every day *The Happiest Day of Your Life*.

The book that inspired the Disney Channel movie *Zapped*, starring Zendaya! When Annabelle returns from summer camp, her life is totally different. She's moving to a new house with her mom's new boyfriend, and that means starting sixth grade at a brand-new school. Birchwood Middle School is very different from her old all-girls elementary—the boys practically run wild in the hallways. And at home, Annabelle's new puppy is taking over the house and chewing on her clothes. But the puppy came with a training manual, so Annabelle might be able to get

one thing under control. Unless . . . can you train a boy the way you train a dog? Look for the other books in this series, *Girls Acting Catty*, and *Everybody Bugs Out!*

The volume brings together a well-selected collection of twelve articles providing a comprehensive and very informative summary of contemporary work on lexical blending. It combines theoretically informed descriptions of a variety of languages and a number of contributions with a theoretically original focus. It is the first book of its kind on the subject, and because of its cross-disciplinary nature, it is of high relevance not only to word-formation scholars and students, but also to a wide readership within the linguistics community.

Journalist, historian, anthropologist, art critic, and creative writer, Anita Brenner was one of Mexico's most discerning interpreters. Born to a Jewish immigrant family in Mexico a few years before the Revolution of 1910, she matured into an independent liberal who defended Mexico, workers, and all those who were treated unfairly, whatever their origin or nationality. In this book, her daughter, Susannah Glusker, traces Brenner's intellectual growth and achievements from the 1920s through the 1940s. Drawing on Brenner's unpublished journals and autobiographical novel, as well as on her published writing, Glusker describes the origin and impact of Brenner's three major books, *Idols Behind Altars*, *Your Mexican Holiday*, and *The Wind That Swept Mexico*. Along the way, Glusker traces Brenner's support of many liberal causes, including her championship of

Mexico as a haven for Jewish immigrants in the early 1920s. This intellectual biography brings to light a complex, fascinating woman who bridged many worlds—the United States and Mexico, art and politics, professional work and family life.

Follow along on the exotic journeys of the celebrated French artist Paul Gauguin Paul Gauguin (1848-1903) was an artist perpetually in search of new horizons. This fascinating visual tour reveals the full extent of Gauguin's travels and their influence on his unique style. Gauguin's several lengthy trips to Tahiti and the Marquesas between 1891 and the artist's death, visits that provided the inspiration for many of his most famous canvases, are well known and documented here in rich detail. Less familiar are stories from his early years living with his family in Peru, which Gauguin would later describe as "idyllic," and his years in the French Navy, which would take him to numerous destinations including India. Throughout the 1880s, as a young man starting a family and struggling to become established within the art world, the restless Gauguin moved often--within Paris, to Rouen, to Copenhagen, and back to Paris. Abundantly illustrated with hundreds of vibrant images, including archival material and the artist's own works, The Gauguin Atlas brings to life the places that Gauguin visited and lived. The book's handsome design seamlessly integrates maps and other images with an accessible and engaging text that narrates Gauguin's travels; what emerges is a vivid picture of an artist continually seeking new experience and inspiration for his art.
