Academy of Neuroscience for Architecture - HOME | ANFA 2020

History. The Academy of Neuroscience for Architecture was founded in 2003 by the San Diego Chapter of the American Institute of Architects (AIA). A Board of Directors was established and an executive committee including John Eberhard, ANFA's first president, was elected. During its infancy, from 2003-2005, the Academy of Neuroscience for Architecture, was funded in part by a LaTrobe Fellowship awarded by the AIA's College of Fellows.

Academy of Neuroscience for Architecture - Wikipedia

An innovative new Academy of Neuroscience for Architecture (ANFA) was formed in San Diego in the Spring of 2003 by the San Diego Chapter of the AIA. The Academy was formally announced at the Friday plenary session of the AIA Convention in San Diego in June, 2003. The announcement followed a keynote address on architecture and neuroscience by Dr. Fred Gage, a senior neuroscientist at the Salk Institute and past President of the Society for Neuroscience.
