—Bonk: The Curious Coupling of Science and Sex on Apple Books

Bonk: The Curious Coupling of Science and Sex is a 2008 book by Mary Roach. It follows the winding history of science and its exploration of human sexuality, going back as far as Aristotle and finally ending with recent discoveries about the origination and anatomy of the female orgasm. Throughout, Mary Roach provides a humorous and often very personal view—both as a participant and observer—of humans, scientists, animals, and sex machines.
