from a Brilliant Australian author in Ellie Marney. It follows the story of Watts and Mycroft, who are on a strictly last name basis. Both dynamic characters in their own right, but share an intense attraction. Mycroft is a young man without supervision, living in a run down, ramshackle house with his absent aunt.

Every Breath (Every, #1) by Ellie Marney - Goodreads

Every Breath by Ellie Marney is a cracking read. The pace is faultless, the plot twists and turns like a hedge maze, and the characters are layered, complex and oh so engaging. Unlike recent television remakes that place Conan Doyle's characters in a modern city (be it London or New York), Ellie Marney has created an entirely new cast of characters.

much as I did if I didn't enjoy seeing the two of them tackling this crime together and using their brains together.
