laws, policies and international processes that will create safe movement for people who need to move because of climate change.

Law and policy - Climate & Migration Coalition

The master's degree offers an intellectually demanding, interdisciplinary route to understanding forced migration in contexts of conflict, repression, natural disasters, environmental change and development policy-making. It places forced migration in an historical, global and human perspective, and encourages informed reflection on international and national responses to both cross-border and ...

Read Book Forced Migration Law And Policy

Available to study anywhere in the world. This MA has quickly become one of the largest programmes on forced migration anywhere in the world. The programme provides a solid legal, practical and theoretical understanding of refugee protection and forced migration. You will become more independent in managing and critiquing law, policy and practice, and also in gathering, organising and deploying evidence to form balanced judgements and develop policy recommendations.

Forced Migration Unit. Our interdisciplinary work focuses on key themes in contemporary forced migration research, policy and practice. It engages with civil society, international scholars and practitioners, advocates and governments to understand forced migration, and propose alternative solutions to the challenges it engenders. Political, environmental and legal developments over the past couple of decades have triggered policy changes which pose a threat to the very meaning of ...
