Text Me When You Get Home is a mix of historical research, the author's own personal experience, and conversations about friendships with women across the country. Everything Schaefer uncovers reveals that these ties are making us, both as individuals and as society as a whole, stronger than ever before.

A wrong number is supposed to be just that—a wrong number. Delete. Done. Do not continue to text. Do not flirt. A wrong number shouldn't be the first person on your mind in the morning, or the last at night...and you're definitely not supposed to talk them into buying a baby goat. Because that would be weird. When Zach Hastings and I get into a wrong-number mix-up, we don't follow the rules. We keep texting and flirting, because he's wicked funny and perfectly nerdy and a wonderful distraction. I'm not looking for love, and

Drawing on the latest research as well as unique interviews and surveys of over 4,000 young people, business owners, and college counselors, *Texting in Sick* reveals that texting has become the preferred medium for many people—even in complex conversations, such as reporting in sick for work, delivering bad news, and breaking up relationships. And how are trust and empathy impacted when we use a medium with such a limited range of social cues? In *Texting in Sick*, you'll uncover the answers to these questions and explore the cultural, psychological, and technological trends behind the growing use of texting and smartphones. Hip-hop as survivor testimony? Rhymes as critical text? Drawing on her own experiences as a lifelong hip-hop head and philosophy professor, Lissa Skitolsky reveals the existential power of hip-hop to affect our sensibility and understanding of race and anti-black racism. *Hip-Hop as Philosophical Text and Testimony: Can I Get a Witness?* examines how the exclusion of hip-hop from academic discourse around knowledge, racism, white supremacy, genocide, white nationalism, and trauma reflects the very neoliberal sensibility that hip-hop exposes and opposes. At this critical moment in history, in the midst of a long overdue global reckoning

with systemic anti-black racism, Skitolsky shows how it is more important than ever for white people to realize that our failure to see this system—and take hip-hop seriously—has been essential to its reproduction. In this book, she illustrates the unique power of underground hip-hop to interrupt our neoliberal and post-racial sensibility of current events.

have been told that we are terrible at being friends, that we can't help being cruel or competitive, or that we inevitably abandon each other for romantic partners. But we are rejecting those stereotypes and reclaiming the power of female friendship. In *Text Me When You Get Home*, journalist Kayleen Schaefer interviews more than one hundred women about their BFFs, soulmates, girl gangs, and queens while tracing this cultural shift through the lens of pop culture. Our love for each other is reflected in Abbi and Ilana, Issa and Molly, #squadgoals, the acclaim of *Girls Trip* and *Big Little Lies*, and Galentine's Day. Schaefer also includes her own history of grappling with a world that told her to rely on men before she realized that her true source of support came from a strong tribe of women.
