Writing, for most of us, is bound up with anxiety. It ' s even worse when it feels like your whole future—or at least where you ' ll spend the next four years in college—is on the line. It ' s easy to understand why so many high school seniors put off working on their applications until the last minute or end up with a generic and clich é d essay. The good news? You already have the " secret sauce " for crafting a compelling personal essay: your own experiences and your unique voice. The best essays rarely catalog how students have succeeded or achieved. Good writing shows the reader how you ' ve struggled and describes mistakes you ' ve made. Excellent essays express what you ' re fired up about, illustrate how you think, and illuminate the ways you ' ve grown. More than twenty million students apply to college every year, many of them look similar in terms of test scores, grades, courses taken, extracurricular activities. Admissions officers wade through piles of files. As an applicant, you need to think about what will interest an exhausted reader. What can you write that will make her argue to admit you instead of the thousands of other applicants? A good essay will be conversational and rich in vivid details, and it could only be written by one person—you. This book will help you figure out how to find and present the best in yourself. You ' ll acquire some useful tools for writing well—and may even have fun—in the process.

The competition to get into your college of choice has never been fiercer. Unfortunately, much of the application process is out of your hands. With the help of many inspiring and instructive killer essays, she shows you how to: Put yourself in the right mental state for writing well Gather ideas, focus on a topic and choose the best structure for your essay Use topic sentences, detail, and strong introductions and conclusions Write a rough draft Show rather than tell your story Make sure your spelling and grammar are pitch perfect Create smooth transitions and avoid repetitions Your college application essay is your chance to show the committee that you ' re more than just a statistic. Let College Admission Essays For Dummies show you how to write " admit-clinching " college essays.

Writing an amazing college admission essay is easier than you think! So you're a high school senior given the task of writing a 650-word personal statement for your college application. Do you tell the story of your life, or a story from your life? Do you choose a single moment? If so, which one? The options seem endless. Lucky for you, they're not. College counselor Ethan Sawyer (aka The College Essay Guy) will show you that there are only four (really, four!) types of college admission essays. And all you have to do to figure out which type is best for you is answer two simple questions: 1. Have you experienced significant challenges in your life? 2. Do you know what you want to be or do in the future? With these questions providing the building blocks for your essay, Sawyer guides you through the rest of the process, from choosing a structure to revising your essay, and answers the big questions that have probably been keeping you up at night: How do I brag in a way that doesn't sound like bragging? and How do I make my essay, like, deep? Packed with tips, tricks, exercises, and sample essays from real students who got into their dream schools, College Essay Essentials is the only college essay guide to make this complicated process logical, simple, and (dare we say it!) a little bit fun.
