As the founder and longtime editor of Forbes Magazine, B. C. Forbes not only hobnobbed with some of the most successful and respected men in the worlds of high finance, industry, and commerce... he was one himself. This book navigates and demystifies the confusing world of health care shopping. A wake-up call to an industry tenuously holding on to the status quo and ripe for true disruption, this book outlines what consumers can do themselves and demand from doctors, hospitals, health plans, and policy makers to get more for their health care spending and, in so doing, reshape the health care system into one we all deserve. Using real and compelling consumer stories intertwined with expert analysis, this book illustrates why it is so difficult to act as an engaged health care consumer in the United States and pulls back the curtain to expose the forces that hold the system in place.
