in social worlds. It embraces the concept of people playing social roles, such as soldier-of-fortune, mother, accountant, brother, gangster, police officer, and so on. However, social roles exist only because societies are structured. Social structures aren't physical, but they have very real effects.

Sociology Study Guide

Sociology is the scientific study of patterns of human social behavior. Sociologists study human interaction at the micro-level (e.g., gender roles), the meso-level (e.g., social institutions, such as family) and the macro-level (e.g., population growth). This course will guide you in seeing and understanding the social
