bodies). ... Details of any patent rights identified during the development of the document will be in the Introduction and/or on the ISO list of patent declarations received ...

~~ISO 19600:2014(en), Compliance management systems ? Guidelines~~

This is where the need for an international standard that would help organizations meet their compliance obligations becomes apparent; and this is the reasoning based on which the ISO 19600 was created. The ISO 19600 guides organizations in developing a compliance management system to identify new and existing rules, to identify and reduce the risk of breaching the existing rules, and to quickly, effectively, and efficiently correct any breaches that might occur.
