If not, there is a danger that everything we have gained could be lost." She said she fears that Mr Javid, who was announced as Mr Hancock's successor on Saturday evening, could see issues inherited ...

Who invented the 'House of Windsor' as a royal name? Who founded Westminster Abbey? Which king had twenty-one illegitimate children? David Hilliam answers all of these questions and more. Here is a continuous history of the English monarchy, showing how the nine dynasties rose and fell. The book describes the most memorable features of the life and times of each king and queen - from Egbert, crowned in 802 and considered the first king of England, to Queen Elizabeth II - as well as recording the extraordinary lives of their queens, consorts, mistresses and bastard children. It also tells the story of the Saxons, describes what has happened to the monarchs' mortal remains, and relates many lively incidents of royal history that rarely appear in the text books. Read of the saintly Edward the Confessor, who is believed to have refused to consummate his marriage; of the rumbustious Henry VIII, given to beheading those who displeased him; of the 'little gentleman in black velvet', who caused the death of William III; and of Queen Victoria's strangest servant, the 'Munshi', Queen Emma, who endured a trial by ordeal; and Anne Boleyn, widely suspected of being a witch. A complete list of the monarchs' reigns and a genealogical table showing the royal descent down thirty-seven generations from Egbert to Elizabeth II adds to the volume's reference value.

Which 'ill-prepared' monarch was on the English throne at the turn of the last millenium? How many English monarchs have been crowned on St George's Day? When, how and why did England 'lose' eleven days? "Monarchs, Murders & Mistresses" answers these questions and many more, presenting a royal event for each day of the calendar year in vivid detail with close-ups of the personalities involved. The book reveals the recurring occupational difficulties faced by the royal family over the centuries: as Shakespeare's Henry VI so memorably concludes. 'Uneasy lies the head that wears a crown'. Today the royal family is plagued by the press, but even 300 years ago Charles II felt the need to apologise to a crowd of onlookers for taking so long to die. this book contains topics ranging from the death of William III, who was killed by a mole to the beheading of Mary, Queen of Scots. These, and over 400 other tales of royal days, bring alive the drama of what it was, and is, to be a king or a queen.

Where To Download Kings Queens Bones S Whos Who In The English Monarchy From Egbert To Elizabeth Ii

After the death of the famous King Solomon, the nation of Israel split into two countries. The southern kingdom, known as Judea, lasted three and a half centuries. During those 350 years, the Judean kingdom had 19 kings and one queen. This book examines that important history with the specific lens of "What were the leadership principles from these 20 leaders?" The book is divided into twelve chapters, with a 21-century leadership application for each chapter. These 12 principles help the reader with the great question, "How to lead like a king/queen?"
