kira-kira (kee' ra kee' ra): glittering; shining Glittering. That's how Katie Takeshima's sister, Lynn, makes everything seem. The sky is kira-kira because its color is deep but see-through at the same time. The sea is kira-kira for the same reason. And so are people's eyes. When Katie and her family move from a Japanese community in Iowa to the Deep South of Georgia, it's Lynn who explains to her why people stop them on the street to stare. And it's Lynn who, with her special way of viewing the world, teaches Katie to look beyond tomorrow. But when Lynn becomes desperately ill, and the whole family begins to fall apart, it is up to Katie to find a way to remind them all that there is always something glittering -- kira-kira -- in the future. Luminous in its persistence of love and hope, Kira-Kira is Cynthia Kadohata's stunning debut in middle-grade fiction.

When eleven-year-old Becca, a quadruplet, finds a sick piglet on the side of the road, her life is changed forever.

CRACKER IS ONE OF THE UNITED STATES ARMY'S MOST VALUABLE WEAPONS: a German shepherd trained to sniff out bombs, traps, and the enemy. The fate of entire platoons rests on her keen sense of smell. She's a Big Deal, and she likes it that way. Sometimes Cracker remembers when she was younger, and her previous owner would feed her hot dogs and let her sleep in his bed. That was nice, too. Rick Hanski is headed to Vietnam. There, he's going to whip the world and prove to his family and his sergeant -- and everyone else who didn't think he was cut out for war -- wrong. But sometimes Rick can't help but wonder that maybe everyone else is right. Maybe he should have just stayed at home and worked in his dad's hardware store. When Cracker is paired with Rick, she isn't so sure about this new owner. He's going to have to prove himself to her before she's going to prove herself to him. They need to be friends before they can be a team, and they have to be a team if they want to get home alive. Told in part through the uncanny point of view of a German shepherd, Cracker! is an action-packed glimpse into the Vietnam War as seen through the eyes of a dog and her handler. It's an utterly unique powerhouse of a book by the Newbery Medal-winning author of Kira-Kira.

As a child, Madden lived a life of extravagance, from her exclusive private school to her equestrian trophies and designer shoe-brand name. But under the surface was a wild instability. The only child of parents continually battling drug and alcohol addictions, Madden confronted her environment alone. Facing a culture of assault and objectification, she found lifelines in the desperately loving friendships of fatherless girls. With unflinching honesty and lyrical prose, spanning from 1960s Hawai'i to the present-day struggle of a young woman mourning the loss of a father while unearthing truths that reframe her reality, Long Live the Tribe of Fatherless Girls is equal parts eulogy and love letter. It's a story about trauma and forgiveness, about families of blood and affinity, both lost and found, unmade and rebuilt, crooked and beautiful.
