Look-Alikes Jr. : The More You Look, the More You See! by ...

I raised my sons on the Look-Alikes books and we were all entranced by them. We would snuggle up, me with a boy on each side, and spend more time than we should at bedtime as we reviewed the pictures, taking delight in new insights, sharing our opinions of favorite collages & ignoring the need to turn out the light.

I bought a number of copies of this book, one for me and the rest for gifts. I also bought the original Look-Alikes book in multiple quantities. I hate to admit it, but I'm 44, an engineer, and keep both books in my office. I'm sure the kids love them, but hey aren't we all little kids at heart! Enjoy!

Featureflash Photo Agency/Shutterstock. Actor sisters Dakota and Elle Fanning look so much alike--and have since childhood--that they've even played the same character.In 2001's I Am Sam, Elle, who's four years younger, played Dakota's character at an earlier age.The pair both have thriving, separate careers these days, with Elle starring in The Great and Dakota in The Alienist, but it still ...

Welcome to Look-Alike Land, where the more you look, the more you see! Like its predecessor, Look-Alikes Jr. features 3-D picture puzzles, but this time invites even the youngest child to join in the fun by featuring simpler, easier-to-find look-alikes in childlike settings. There are 11 scenes - house, parlor, kitchen, bedroom, school bus, classroom, construction site, movie lobby, train, farm, and rocket - each with 50+ objects to identify (700+ in total). Look for a cement mixer made out of a mustard bottle, kitchen cabinets made out of cakes of soap, and a bed built with crayons and pasta! Fun for all ages. This best-selling book is back with a brand new series design and a striking new cover.

Simple verses challenge readers to identify the everyday objects used to construct nine three-dimensional Christmas scenes, including a cathedral, Nutcracker ballet, and Santa's workshop.

In Look-Alike Land, the more you look, the more you see! Using everything from acorns to zippers, artist Joan Steiner has created stunning three-dimensional scenes that will amaze and captivate puzzlers of all ages.

Take an eye-opening trip around the world! Using everyday objects in ingenious ways, artist Joan Steiner has created three-dimensional scenes of more than 40 famous landmarks and familiar vacation locales ? from the shores of Cape Cod and chateaux across Europe to the Egyptian pyramids and the majestic Taj Mahal. Complete with photographs of the actual sites, fascinating facts, and more than 500 look-alikes to search for, this unique postcard album will challenge and captivate puzzlers of all ages.

The Bible says that YHWH alone is God and that there is none like him--but texts and artwork from antiquity show that many gods looked very similar. In this volume, scholars of the Hebrew Bible and its historical contexts address the problem of YHWH's ancient look-alikes, providing recommendations for how Jews and Christians can think theologically about this challenge. Sooner or later, whether in a religion class or a seminary course, students bump up against the fact that God--the biblical God--was one among other, comparable gods. The ancient world was full of gods, including great gods of conquering empires, dynastic gods of petty kingdoms, goddesses of fertility, and personal spirit guardians. And in various ways, these gods look like the biblical God. Like the God of the Bible, they, too, controlled the fates of nations, chose kings, bestowed fecundity and blessing, and cared for their individual human charges. They spoke and acted. They experienced wrath and delight. They inspired praise. All of this leaves Jews and Christians in a bind: how can they confess that the God named YHWH was (and is) the true and living God, in view of this God's profound similarities to all these others? The essays in this volume address the theological challenge these parallels create, providing reflections on how Jews and Christians can keep faith in YHWH as God while acknowledging the reality of YHWH's divine doppelg\u00e4ngers. It will be welcomed by undergraduates studying religion; seminarians and graduate students of Bible, theology, and the ancient world; and adult education classes.

In the land of lookalikes, the more you look, the more you see Steiner has used everything from acorns and broccoli, to zips and tubes of paint, to create detailed three-dimensional worlds. With over 700 lookalikes to find, this book will have puzzlers of all ages poring over it.

Presents a collection of imaginative landscapes and photographic art using food items, including a red cabbage sea, a landscape of salami, and a Stilton cheese cottage.

Acclaimed photographer Carl Warner invites you to explore colourful miniature landscapes made entirely of edible ingredients.

Simple verses challenge readers to identify the everyday objects used to construct eleven three-dimensional scenes, including a house, kitchen, bedroom, school bus, train, farm, and rocket.
