A fungus called Pestalotiopsis is occasionally associated with brown patches, and can be seen as tiny, black fruiting bodies scattered over the affected foliage. This fungus usually attacks weakened or damaged plants, but once present it can sometimes cause quite severe die-back. Pestalotiopsis is more likely to be a problem in wet summers.

A young woman gives birth to a baby, then sinks into a coma. Her family finds a journal she has kept since she was a very young child and are astounded to discover she had recorded events in their lives she should not have known.

As her son grows up from little boy to adult man, a mother secretly rocks him each night as he sleeps.

****Now on Netflix as The Call to Courage**** 'She's so good, Brené Brown, at finding the language to articulate collective feeling' Dolly Alderton Every time we are faced with change, no matter how great or small, we also face risk. We feel uncertain and exposed. We feel vulnerable. Most of us try to fight those feelings - or feel guilt for feeling them in the first place. In a powerful new vision Dr Brené Brown challenges everything we think we know about vulnerability, and dispels the widely accepted myth that it's a weakness. She argues that, in truth, vulnerability is strength and when we shut ourselves off from vulnerability - from revealing our true selves - we distance ourselves from the experiences that bring purpose and meaning to our lives. Daring Greatly is the culmination of 12 years of groundbreaking social research, across every area of our lives including home, relationships, work, and parenting. It is an invitation to be courageous; to show up and let ourselves be seen, even when there are no guarantees. This is vulnerability. This is daring greatly.

"The physics of vulnerability is simple: If we are brave enough often enough, we will fall. The author ... tells us what it takes to get back up, and how owning our stories of disappointment, failure, and heartbreak gives us the power to write a daring new ending"--

#1 NEW YORK TIMES BESTSELLER • Brené Brown has taught us what it means to dare greatly, rise strong, and brave the wilderness. Now, based on new research conducted with leaders, change makers, and culture shifters, she 's showing us how to put those ideas into practice so we can step up and lead. Look for Brené Brown 's new podcast, Dare to Lead, as well as her ongoing podcast Unlocking Us! NAMED ONE OF THE BEST BOOKS OF THE YEAR BY BLOOMBERG Leadership is not about titles, status, and wielding power. A leader is anyone who takes responsibility for recognizing the potential in people and ideas, and has the courage to develop that potential. When we dare to lead, we don 't pretend to have the right answers; we stay curious and ask the right questions. We don 't see power as finite and hoard it; we know that power becomes infinite when we share it with others. We don 't avoid difficult conversations and situations; we lean into vulnerability when it 's necessary to do good work. But daring leadership in a culture defined by scarcity, fear, and uncertainty requires skill-building around traits that are deeply and uniquely human. The irony is that we 're choosing not to invest in developing the hearts and minds of leaders at the exact same time as we 're scrambling to figure out what we have to offer that machines and AI can 't do better and faster. What can we do better? Empathy, connection, and courage, to start. Four-time #1 New York Times bestselling author Brené Brown has spent the past two decades studying the emotions and experiences that give meaning to our lives, and the past seven years working with transformative leaders and teams spanning the globe. She found that leaders in organizations ranging from small entrepreneurial startups and family-owned businesses to nonprofits, civic organizations, and Fortune 50 companies all ask the same

question: How do you cultivate braver, more daring leaders, and how do you embed the value of courage in your culture? In this new book, Brown uses research, stories, and examples to answer these questions in the no-BS style that millions of readers have come to expect and love. Brown writes, “ One of the most important findings of my career is that daring leadership is a collection of four skill sets that are 100 percent teachable, observable, and measurable. It ’ s learning and unlearning that requires brave work, tough conversations, and showing up with your whole heart. Easy? No. Because choosing courage over comfort is not always our default. Worth it? Always. We want to be brave with our lives and our work. It ’ s why we ’ re here. ” Whether you ’ ve read Daring Greatly and Rising Strong or you ’ re new to Brené Brown ’ s work, this book is for anyone who wants to step up and into brave leadership.

Examines the critical art of rethinking: learning to question your beliefs and to know what you don't know, which can position you for success at work and happiness at home. It is a book about the benefit of doubt, and about how we can get better at embracing the unknown and the joy of being wrong

Join the call for a better world with this New York Times bestselling picture book about a school where diversity and inclusion are celebrated. Perfect for every kid, family or classroom! In our classroom safe and sound. Fears are lost and hope is found. Discover a school where all young children have a place, have a space, and are loved and appreciated. Readers will follow a group of children through a day in their school, where everyone is welcomed with open arms. A school where students from all backgrounds learn from and celebrate each other's traditions. A school that shows the world as we will make it to be. “ An important book that celebrates diversity and inclusion in a beautiful, age-appropriate way. ” – Trudy Ludwig, author of The Invisible Boy

What if Rey hadn't grown up all alone on dusty planet Jakku, but instead had a galaxy of friends to play with? New York Times bestselling author of the Darth Vader and Son series Jeffrey Brown returns to the Star Wars galaxy with a collection of brand-new adventures starring young Rey and Kylo, Finn and Poe, Hux and Pasma, Rose and BB-8—all under the watch of Luke, General Leia, Han, and Chewie. Whether it's Kylo trying to use the Force to cheat at Go Fish, Poe bowling with BB-8, or Rey lifting rocks to play hide and seek, Jeffrey Brown's charmingly hilarious vision will delight Star Wars fans of all ages. © & TM Lucasfilm Ltd.
