Vancouver's Expo '86 was the last time North America hosted a world's fair. Here's what made it a golden moment.

Princess Margaret was not like the other royals. A free spirit, she broke away from the conventions that others imposed upon her and lived a life that has seemed to some scandalous, to others liberating. It was Margaret who had an illicit love affair with jazz musician Robin Douglas-Home, and letters from that relationship are reprinted here. When Douglas-Home was rejected by Margaret, he killed himself and was replaced by another lover. It is stories such as this, revealed in this book, that paint a portrait of one of the most secretive members of Britain's royal family.

A GUARDIAN BOOK OF THE YEAR * A TIMES BOOK OF THE YEAR * A SUNDAY TIMES BOOK OF THE YEAR * A DAILY MAIL BOOK OF THE YEAR 'An original, memorable and substantial achievement' TLS 'A masterpiece' Mail on Sunday 'I honked so loudly the man sitting next to me dropped his sandwich' Observer She made John Lennon blush and Marlon Brando clam up. She cold-shouldered Princess Diana and humiliated Elizabeth Taylor. Andy Warhol photographed her. Jack Nicholson offered her cocaine. Gore Vidal revered her. John Fowles hoped to keep her as his sex-slave. Dudley Moore propositioned her. Francis Bacon heckled her. Peter Sellers was in love with her. For Pablo Picasso, she was the object of sexual

fantasy. "If they knew what I had done in my dreams with your royal ladies" he confided to a friend, "they would take me to the Tower of London and chop off my head!" Princess Margaret aroused passion and indignation in equal measures. To her friends, she was witty and regal. To her enemies, she was rude and demanding. In her 1950's heyday, she was seen as one of the most glamorous and desirable women in the world. By the time of her death, she had come to personify disappointment. One friend said he had never known an unhappier woman. The tale of Princess Margaret is pantomime as tragedy, and tragedy as pantomime. It is Cinderella in reverse: hope dashed, happiness mislaid, life mishandled. Combining interviews, parodies, dreams, parallel lives, diaries, announcements, lists, catalogues and essays, Ma'am Darling is a kaleidoscopic experiment in biography, and a witty meditation on fame and art, snobbery and deference, bohemia and high society. 'Brown has been our best parodist and satirist for decades now ... Ma'am Darling is, as you would expect, very funny; also, full of quirky facts and genial footnotes. Brown has managed to ingest huge numbers of royal books and documents without losing either his judgment or his sanity. He adores the spectacle of human vanity' Julian Barnes, Guardian

Perfect for fans of The Crown, this captivating biography from a New York Times bestselling author follows Queen Elizabeth II and her sister Margaret as they navigate life in the royal spotlight. They were the closest of sisters and the best of friends. But when, in a quixotic twist of fate, their uncle Edward VIII decided to abdicate the throne, the dynamic between Elizabeth and Margaret was dramatically altered. Forever more Margaret would have to curtsy to the sister she called 'Lilibet.' And bow to her wishes. Elizabeth would always look upon her younger sister's antics with a kind of stoical amusement, but Margaret's struggle to find a place and position inside the royal system—and her fraught relationship with its expectations—was often a source of tension. Famously, the Queen had to inform Margaret that the Church and government would not countenance her marrying a divorcee, Group Captain Peter Townsend, forcing Margaret to choose between keeping her title and royal allowances or her divorcee lover. From the idyll of their cloistered early life, through their hidden war-time lives, into the divergent paths they took following their father's death and Elizabeth's ascension to the throne, this book explores their relationship over the years. Andrew Morton's latest biography offers unique insight into these two drastically different sisters—one resigned to duty and responsibility, the other resistant to it—and the lasting impact they have had on the Crown, the royal family, and the ways it adapted to the changing mores of the 20th century.

Named One of the Best Books of the Week by the New York Post! In a historical debut evoking the style of The Crown, the daughter of an impoverished noble is swept into the fame and notoriety of the royal family and Princess Margaret's fast-living friends when she is appointed as Margaret's second Lady-in-Waiting. Diana, Catherine, Meghan...glamorous Princess Margaret outdid them all. Springing into post-World War II society, and quite naughty and haughty, she lived in a whirlwind of fame and notoriety. Georgie Blalock captures the fascinating, fast-living princess and her "set" as seen through the eyes of one of her ladies-in-waiting. In dreary, post-war Britain, Princess Margaret captivates everyone with her cutting edge fashion sense and biting quips. The royal socialite, cigarette holder in one hand, cocktail in the other, sparkles in the company of her glittering entourage of wealthy young aristocrats known as the Margaret Set, but her outrageous lifestyle conflicts with her place as Queen Elizabeth's younger sister. Can she be a dutiful princess while still dazzling the world on her own terms? Post-war Britain isn't glamorous for The Honorable Vera Strathmore. While writing scandalous novels, she dreams of living and working in New York, and regaining the happiness she enjoyed before her fiancé was killed in the war. A chance meeting with the Princess changes her life forever. Vera amuses the princess, and what—or who—Margaret wants, Margaret gets. Soon, Vera gains Margaret's confidence and the privileged position of second lady-in-waiting to the Princess. Thrust into the center of Margaret's social and royal life, Vera watches the princess's love affair with dashing Captain Peter Townsend unfurl. But while Margaret, as a member of the Royal Family, is not free to act on her desires, Vera soon wants the freedom to pursue her own dreams. As time and Princess Margaret's scandalous behavior progress, both women will be forced to choose between status, duty, and love...

The author met Princess Margaret in 1980 and is the first biographer to have had her full co-operation. Her childhood comes through very clearly and often in her own words. The bad press she has received so many times is explained and partly refuted.

Discover untold secrets with this extraordinary memoir of drama and tragedy by Anne Glenconner—a close member of the royal circle and lady-in-waiting to Princess Margaret. Anne Glenconner has been at the center of the royal circle from childhood, when she met and befriended the future Queen Elizabeth II and her sister, the Princess Margaret. Though the firstborn child of the 5th Earl of Leicester, who controlled one of the largest estates in England, as a daughter she was deemed "the greatest disappointment" and unable to inherit. Since then she has needed all her resilience to survive court life with her sense of humor intact. A unique witness to landmark moments in royal history, Maid of Honor at Queen Elizabeth's coronation, and a lady in waiting to Princess Margaret until her death in 2002, Anne's life has encompassed extraordinary drama and tragedy. In Lady in Waiting, she will share many intimate royal stories from her time as Princess Margaret's closest confidante as well as her own battle for survival: her broken-off first engagement on the basis of her "mad blood"; her 54-year marriage to the volatile, unfaithful Colin Tennant, Lord Glenconner, who left his fortune to a former servant; the death in adulthood of two of her sons; a third son she nursed back from a six-month coma following a horrific motorcycle accident. Through it all, Anne has carried on, traveling the world with the royal family, including visiting the White House, and developing the Caribbean island of Mustique as a safe harbor for the rich and famous—hosting Mick Jagger, David Bowie, Raquel Welch, and many other politicians, aristocrats, and celebrities. With unprecedented insight into the royal family, Lady in Waiting is a witty, candid, dramatic, at times heart-breaking personal story capturing life in a golden cage for a woman with no inheritance. Originally published: London: Weidenfeld & Nicolson, 2007.

Was Princess Margaret a royal rebel or the victim of an unfulfilling station? Whatever conclusion we draw, she remains arguably the most interesting member of the British royal family. As second in line to the throne for many years, Margaret was born with every possible advantage - beauty, vivacity, intelligence, wealth and position. Yet her nature, as one intimate has put it, "was to make everything go wrong." She has been described as tragic, unresolved, a royal maverick, a woman of conflict, a princess without a cause. Her private life has been racked by scandal; it has been a catalogue of unhappy, unfulfilled and unsuitable relationships. Her many good points have been submerged in an avalanche of criticism. Dauntingly royal yet defiantly unorthodox, Princess Margaret has spent the greater part of her life torn between meeting the exacting standards of the monarchy and flouting its long-established conventions. *Princess Margaret: A Biography* is the first detailed, in-depth study of this controversial figure, written by a respected royal biographer.

In *Royal Sisters*, Anne Edwards, author of the best-selling *Vivien Leigh: A Biography* and *Matriarch: Queen Mary and the House of Windsor*, has written the first dual biography of Elizabeth, the princess who was to become Queen, and her younger sister, Margaret, who was to be her subject. From birth to maturity, they were the stuff of which dreams are made. "I'm three and you're four," the future Queen, then a child, imperiously informed her sister. The younger girl, not understanding this reference to their position in the succession, proudly countered, "No, you're not. I'm three, you're seven." The royal sisters had no choice in their historic positions, but behind the palace gates and within the all-too-human confines of their personalities, they displayed tremendous individuality and suffered the usual symptoms of sibling rivalry. *Royal Sisters* provides an unprecedented and intimate portrait of these most famous siblings during their formative and dramatic youthful years. It is also one of the twentieth century's most fascinating stories of sisterly loyalty. Edwards's book is an honest look at how the royal sisters feel toward each other, their parents, their close relations and the men whom they have loved. It openly discusses, with new insights and information, the romance of Elizabeth and Philip and the tragic aborted love affair between Margaret and Group Captain Peter Townsend, and it has a cast of characters ranging from the youthful sisters' suitors to Winston Churchill and the entire Royal Family. It is also the story of the making of a queen, of the high drama of her situation in the Townsend affair, of the real effect their uncle's abdication had on the sisters' lives, and of the internecine feuds that have brewed within the Royal Family since that time. Brought vividly to life through the many personal interviews of close royal associates, filled with new facts, previously unpublished anecdotes and photographs, *Royal Sisters* is a never-before-glimpsed look at the relationship of the Queen and Princess Margaret.
