"Locked inside Dervish's study. Breath coming quickly, raggedly. Trembling wildly. I still feel sick and dizzy, but maybe that's fear. I force myself to breathe normally, evenly. When I'm in control, I study my reflection, looking for telltale signs. Am I turning into a werewolf? I don't know..." Grubbs Grady has so far escaped the family curse, but when he begins to experience alarming symptoms at the onset of the full moon, he is scared that the jaws of fate are opening and about to swallow him whole. He has cheated death, defeated demons, moved on with his life. But Grubbs is torn between the world of magic and his wolfen genes. Can he fight the beast inside or will he fall victim to his tainted blood?

The king of horror's demonic symphony in ten volumes, now available in omnibus editions - each containing two titles in the spine-chilling Demonata series.

While on a horror movie set with his Uncle Dervish, Grubbs Grady realizes that his battle with the evil demon master Lord Loss may be about to resume.
