Love does not mean having your mate on your side or does it? Can a guy love a girl in such an unpredictable way that she becomes his soul? Are all these ancient love stories like Romeo and Juliet fake? And if it is not, then can this kind of love happen in today's generation? Vivek is a guy with a slight scientific bent of mind, who always tries to perform experiments related to various fields of science. At a school function, he meets a girl Shruti, who becomes his addiction ... his princess, his angel ... Goddess ... the reason for his existence. He falls in love with her at first sight ... handing over his entire life into her hands... Somehow, Vivek manages to speak to Shruti ... then follows an addiction about her ... a madness that knows no end. To prove his love for her, he designs a telescope to impress her. But four years later, a tragic change of fate enters their life. Shruti turns volte-face and refuses to even recognise or acknowledge Vivek. What is this story all about? Is destiny playing a game with Vivek? Or is Shruti playing a game with him? Or is there another angle? How will this love story end? Will Vivek win over Shruti ... or will it remain an unfulfilled dream forever?

At last, on his ninth birthday, Rakesh is rewarded with a miraculous sight—the first pink blossoms of his precious cherry tree! This beautifully illustrated edition brings alive the magical charm of one of Ruskin Bond's most unforgettable tales.
