inequalities and economic-political subordination of the masses in medieval South India.

With a little luck and a pack of pugs, anything is paws-ible! When True Winter comes, it's time for the Great Northern Race! The best sled teams in the world must reach a mysterious man called the Snowfather. He will grant one wish to the winners. Young racers Sika and Shen want to win more than anything. But they don't have big sled dogs—all they have is sixty-six yappy, yippy puppy pugs. Can this unlikely team make their dreams come true? For early chapter book readers who are ready for something longer, the Not-So-Impossible Tales are packed with humor, action, and color illustrations on almost every page. A New York Public Library Best Book for Kids, 2016 "A madcap, magical blend of fluff and other good stuff."—Kirkus Reviews, starred review

For the millions of Americans who want spirituality without religion, Sam Harris's latest New York Times bestseller is a guide to meditation as a rational practice informed by neuroscience and psychology. From Sam Harris, neuroscientist and author of numerous New York Times bestselling books, *Waking Up* is for the twenty percent of Americans who follow no religion but who suspect that important truths can be

found in the experiences of such figures as Jesus, the Buddha, Lao Tzu, Rumi, and the other saints and sages of history. Throughout this book, Harris argues that there is more to understanding reality than science and secular culture generally allow, and that how we pay attention to the present moment largely determines the quality of our lives. *Waking Up* is part memoir and part exploration of the scientific underpinnings of spirituality. No other book marries contemplative wisdom and modern science in this way, and no author other than Sam Harris—a scientist, philosopher, and famous skeptic—could write it.

The industry-standard manual for aspiring inkers and working professionals returns in a new expanded edition. Gain insights into the techniques, tools, and approaches of some of the finest ink artists in comics, including Terry Austin, Mark Farmer, Scott Williams, Alex Garner, and many more. This expanded edition features new art and text by author Gary Martin and a bonus chapter on digital inking by artist Leo Vitalis. Also included are eight full-sized blue-lined art boards featuring pencil art by top comics illustrators, present and past, to use for practice or as samples to show editors and publishers. Along with pen, brush, and stylus, no inking tool is more useful than *The Art of Comic-Book Inking*.

Justice without compassion is but tyranny The series that has reached #1 on Amazon! In the second book of the Pearseus series, the handful of humans that crash-landed on Pearseus three hundred years ago have by now colonized a large part of the planet, rebuilding their civilization from scratch. In the process, they have created a dystopia for themselves, splitting into three competing factions: the Capital, the Loyalists and the Democracies, all embroiled in endless intrigue and constant warfare. An uneasy truce between the three parties still holds - barely. While man turns against man, the First, Pearseus' indigenous people, wage their own war against a shadowy
