For 60 years, architect Govindan Gopalakrishnan has been using his skills and talents to express his love for "the oneness of humanity".

Few countries possess a richer architectural heritage than India, a country whose buildings are rooted in history, culture, and religion. As a results of India's global discourse with other regions around the world, there have been many influences that have been assimilated into its architecture, producing unique, varied and lively results. This fantastic volume walks the reader through India's history, both architecturally and culturally, exploring its different styles of buildings and providing interesting insights into their origin and evolution. "Indian Architecture" is highly recommended for those with an interest in architecture and Indian history alike. Many vintage books such as this are increasingly scarce and expensive. It is with this in mind that we are republishing this volume now in an affordable, modern, high-quality edition complete with a specially-commissioned new introduction on architecture.

This rare book is one of two volumes comprising a comprehensive catalogue of Indian architecture. This volume deals with the development of Muslim architecture in India up to modern times, and comprises the chapters: The source of Islamic Architecture in India, The Delhi or Imperial Style, Provincial Styles, The Buildings of Sher Shah Sur, The Mughul Period, The Medieval Palaces and Civic Buildings, and The Modern Position. This wonderful text can be considered the definitive handbook on the subject, complete with a wealth of information and illustrations of the beautiful Islamic architecture of India a veritable must-have for anyone with an interest in the topic. Percy Brown was a famous British scholar, historian, artist, and archaeologist. This rare book is proudly republished now with a prefatory biography of the author.
