Pro-Choice research papers focus on the side of the abortion debate that favors a woman's right to choose. are irreconcilable in the abortion debate. On one hand, pro-life supporters maintain that from the moment of conception, a human life has begun; and to destroy that life is to commit murder. On the other hand, pro-choice activists maintain that human life does not begin at conception; rather, human life begins when the fetus is capable of living outside of the womb (about 24 weeks ...

10% of New York women live in counties with no abortion clinic.

With a new preface by the author. In the tradition of Backlash and The Morning After, and in a political climate where Roe v. Wade is in serious jeopardy, a young activist reveals that the Pro-Life Movement's real agenda is a war on contraception, family planning, and sexual freedom.

In this provocative and accessible book, the author defends a pro-choice perspective but also takes seriously pro-life concerns about the moral value of the human fetus, questioning whether a fetus is nothing more than "mere tissue." She

## Read Free Pro Choice Papers

examines the legal status of the fetus in the recent Personhood Amendments in state legislatures and in Supreme Court decisions and asks whether *Roe v. Wade* should have focused on the viability of the fetus or on the bodily integrity of the woman. Manninen approaches the abortion controversy through a variety of perspectives and ethical frameworks. She addresses the social circumstances that influence many women's decision to abort and considers whether we believe that there are good and bad reasons to abort. Manninen also looks at the call for post-abortion fetal grieving rituals for women who desire them and the attempt to make room in the pro-choice position for the views of prospective fathers. The author spells out how the two sides demonize each other and proposes ways to find degrees of convergence between the seemingly intractable positions.

Presents opposing viewpoints on the legality, morality, responsibility for, and justification of abortion, and includes critical thinking skills activities.

"A groundbreaking and illuminating look at the state of abortion access in America and the first long-term study of the consequences-emotional, physical, financial, professional, personal, and psychological-of receiving versus being denied an abortion on women's lives"--

There are few issues as impactful and consequential for our personal lives and communities as abortion. It divides people not only on the streets and in workplaces, but also in homes and churches. After all, this issue involves personal decisions about sex, pregnancy, parenting, and our health. So while abortion is difficult to talk about,

it's important to provide accurate information and a context in which that information can be discussed. In this thoroughly researched and easy-to-read book, author Randy Alcorn examines fifteen major claims of the pro-choice position and shares fact-based, rational responses. If you have mixed feelings about abortion, as many people do, this book can be part of your quest for truth. If you're pro-choice or pro-life, it can help you think through your position. If we have any hope of understanding and engaging with each other, let's move our dialogue beyond bumper stickers, memes, and tweets. Randy encourages readers to listen carefully to arguments on both sides of the abortion debate, and to look at the evidence and weigh it on its own merit.

A distinguished commentator on moral and social issues examines why the public

debate over abortion has been usurped by the most vociferous of activists, when most Americans admit to profoundly mixed feelings about the issue. 30,000 first printing. \$30,000 ad/promo.

In this important study of the abortion controversy in the United States, Kristin Luker examines the issues, people, and beliefs on both sides of the abortion conflict. She draws data from twenty years of public documents and newspaper accounts, as well as over two hundred interviews with both pro-life and pro-choice activists. She argues that moral positions on abortion are intimately tied to views on sexual behavior, the care of children, family life, technology, and the importance of the individual.

Undivided Rights captures the evolving and largely unknown activist history of

women of color organizing for reproductive justice—on their own behalf. Undivided Rights presents a textured understanding of the reproductive rights movement by placing the experiences, priorities, and activism of women of color in the foreground. Using historical research, original organizational case studies, and personal interviews, the authors illuminate how women of color have led the fight to control their own bodies and reproductive destinies. Undivided Rights shows how women of color—starting within their own Latina, African American, Native American, and Asian American communities—have resisted coercion of their reproductive abilities. Projected against the backdrop of the mainstream pro-choice movement and radical right agendas, these dynamic case studies feature the groundbreaking work being done by health and reproductive

# Read Free Pro Choice Papers

rights organizations led by women-of-color. The book details how and why these women have defined and implemented expansive reproductive health agendas that reject legalistic remedies and seek instead to address the wider needs of their communities. It stresses the urgency for innovative strategies that push beyond the traditional base and goals of the mainstream pro-choice movement—strategies that are broadly inclusive while being specific, strategies that speak to all women by speaking to each woman. While the authors raise tough questions about inclusion, identity politics, and the future of women ' s organizing, they also offer a way out of the limiting focus on "choice." Undivided Rights articulates a holistic vision for reproductive freedom. It refuses to allow our human rights to be divvied up and parceled out into isolated boxes that

Catholic Church offers challenges for believers and answers for all those interested in learning about the mystery of the Catholic faith. The Catechism of the Catholic Church is a positive, coherent and contemporary map for our spiritual journey toward transformation.

"As the landmark *Roe v. Wade* decision reaches its 40th anniversary, abortion remains a polarizing topic on America's legal and political landscape. Blending history, culture, and law, *Before Roe v. Wade* explores the roots of the conflict, recovering through original documents and first-hand accounts the voices on both sides that helped shape the climate in which the Supreme Court ruled. Originally published in 2010, this new edition includes a new Afterword that explores what the history of conflict before *Roe* teaches us about the abortion conflict

# Read Free Pro Choice Papers

we live with today. Examining the role of social movements and political parties, the authors cast new light on a pivotal chapter in American history and suggest how Roe v. Wade, the case, because Roe v. Wade, the symbol. "--Cover, p. 4.
