Supervision and reflective practice REFLECTIONS ON SUPERVISION. INTRODUCTION. Reflections on supervision is a trigger to encourage both practice teacher and student to examine their expectations about the content and functions of supervision. The practice tutorial (supervision session) is the linchpin of the student's learning and the assessment of their practice abilities, yet it is has complex purposes and may reflect very different understandings of these purposes.

Creating a safe environment for supervisees to reflect on their personal and professional responses to practice in supervision. The need for practice supervisors to help social workers seek exceptions, challenge their thinking and consider a wide range of explanations and possibilities in their work with children and families.

~~Having reflective discussions in supervision—Practice ...~~

The foundations of effective supervision practice: Promoting reflection and critical thinking. One message from practice is that, too often, supervision may be dominated by management processes and task completion, and not enough time is given to reflection and critical thinking. The opportunity to promote high quality services through promoting reflection as a means of increasing the understanding of the worker and supporting practice development may therefore be lost.

~~Reflective practice criterion 9 – practice and supervision~~
Neither reflection nor collaboration will occur without regularity of interactions. Supervision should take place on a reliable schedule, and sufficient time must be allocated to its practice. This time, while precious and hard to come by, should be protected from cancellation, rescheduling, or procrastination.
