[PDF] Books Social Inequalities Media And Communication ...

Media and Social Inequality. The Media promotes and reproduces societal values and norms, establishing common meanings and understandings among groups and individuals. These common meanings are portrayed in the media and put forward by the dominant culture; and for this reason the patterns of inequality that benefit the dominant culture are produced and reproduced.

Media and Social Inequality - Term Paper

The first argues that social media creates more inequality, because it concentrates educational and networking resources already among privileged people. The other camp argues that social media gives disadvantaged people a cure against inequality, because they can profit from the access to greater resources.
