This new documentary takes its title from the acronym of WITCH, a once-popular Zambian combo. By Glenn Kenny Sunny days turn to sweaty nights on the Mediterranean coast in this Turkish coming-of ...

An overview of the novel features a biographical sketch of the American author, a list of characters, a summary of the plot, and critical and analytical views of the work.

#1 NEW YORK TIMES BESTSELLER • "A lucid, intelligent page-turner" (Los Angeles Times) that challenges long-held assumptions about Jesus, from the host of Believer Two thousand years ago, an itinerant Jewish preacher walked across the Galilee, gathering followers to establish what he called the "Kingdom of God." The revolutionary movement he launched was so threatening to the established order that he was executed as a state criminal. Within decades after his death, his followers would call him God. Sifting through centuries of mythmaking, Reza Aslan sheds new light on one of history's most enigmatic figures by examining Jesus through the lens of the tumultuous era in which he lived. Balancing the Jesus of the Gospels against the historical sources, Aslan describes a man full of conviction and passion, yet rife with contradiction. He explores the reasons the early Christian church preferred to promulgate an image of Jesus as a peaceful spiritual teacher rather than a politically conscious revolutionary. And he grapples with the riddle of how Jesus understood himself, the mystery that is at the heart of all subsequent claims about his divinity. Zealot yields a fresh perspective on one of the greatest stories ever told even as it affirms the radical and transformative nature of Jesus' life and mission. Praise for Zealot "Riveting . . . Aslan synthesizes Scripture and scholarship to create an original account."—The New Yorker "Fascinatingly and convincingly drawn . . . Aslan may come as close as one can to respecting those who revere Jesus as the peace-loving, turn-the-other-cheek, true son of God depicted in modern Christianity, even as he knocks down that image."—The Seattle Times "[Aslan's] literary talent is as essential to the effect of Zealot as are his scholarly and journalistic chops. . . . A vivid, persuasive portrait."—Salon "This tough-minded, deeply political book does full justice to the real Jesus, and honors him in the process."—San Francisco Chronicle "A special and revealing work, one that believer and skeptic alike will find surprising, engaging, and original."—Jon Meacham, Pulitzer Prize-winning author of Thomas Jefferson: The Art of Power "Compulsively readable . . . This superb work is highly recommended."—Publishers Weekly (starred review)

This small handbook covers all aspects of the specific kinds of writing college students will do, organized around the categories of write, research, edit, and exercise. New for the third edition: "Editing the Errors That Matter," an updated MLA section, two new genre chapters, and new coverage of the use of "singular they."

Suggests ways to raise levels of visual literacy and enhance artistic enjoyment.

Comprehensive introduction to quantum field theory by Nobel Laureate Steven Weinberg, now available in paperback.

This Dictionary covers information and communication technology (ICT), including hardware and software; information networks, including the Internet and the World Wide Web; automatic control; and ICT-related computer-aided fields. The Dictionary also lists abbreviated names of relevant organizations, conferences, symposia and workshops. This reference is important for all practitioners and users in the areas mentioned above, and those who consult or write technical material. This Second Edition contains 10,000 new entries, for a total of 33,000.

The I, Claudius author's "lightning sharp interpretations and insights . . . are here brought to bear with equal effectiveness on the Book of Genesis" (Kirkus Reviews). This is a comprehensive look at the stories that make up the Old Testament and the Jewish religion, including the folk tales, apocryphal texts, midrashes, and other little-known documents that the Old Testament and the Torah do not include. In this exhaustive study, Robert Graves provides a fascinating account of pre-Biblical texts that have been censored, suppressed, and hidden for centuries, and which now emerge to give us a clearer view of Hebrew myth and religion than ever. Venerable classicist and historian Robert Graves recounts the ancient Hebrew stories, both obscure and familiar, with a rich sense of storytelling, culture, and spirituality. This book is sure to be riveting to students of Jewish or Judeo-Christian history, culture, and religion.
