The bestselling Emotion Thesaurus, often hailed as "the gold standard for writers" and credited with transforming how writers craft emotion, has now been expanded to include 55 new entries! One of the biggest struggles for writers is how to convey emotion to readers in a unique and compelling way.

The Emotion Thesaurus: A Writer's Guide to Character ...

No doubt, I'll use The Emotion Thesaurus again in the revision process. I too bought the kindle version, and the formatting is poor. For example, the chapter title 'WRITING NONVERBAL EMOTION:AVOIDING COMMON PROBLEMS' and subtitle 'TELLING' in screaming caps takes up two thirds of the page, and lends the work an amateur feel.

Amazon.co.uk:Customer reviews: The Emotion Thesaurus: A ...

THE EMOTION THESAURUS is a tool for writers who want to convey character emotion effectively. It spotlights seventy-five emotions and the body language cues, thoughts, and visceral responses for each. Also addressed are common emotion-related writing problems and methods to overcome them.

"One of the biggest problem areas for writers is conveying emotion to the reader in a unique, compelling way. When showing our characters' feelings, we often grab onto the first idea that comes to mind, and our characters end up smiling, shrugging, nodding, and frowning far too much. Need some inspiration to get you beyond the basics? Inside The Emotion Thesaurus, you'll find: emotion entires that list body language, thoughts, and visceral responses for each, a breakdown of the biggest emotion-related writing problems and how to overcome them, body language and action cues that address both acute and suppressed forms of emotion, suggestions for each emotion that cover a range of intensity, from mild to extreme, description tips on emotion, dialogue, characters, and setting. Now expanded to include 55 new entries!"--

"One of the biggest problem areas for writers is conveying emotion to the reader in a unique, compelling way. When showing our characters' feelings, we often grab onto the first idea that comes to mind, and our characters end up smiling, shrugging, nodding, and frowning far too much. Need some inspiration to get you beyond the basics? Inside The Emotion Thesaurus, you'll find: 75 emotion entires that list body language, thoughts, and visceral responses for each, a breakdown of the biggest emotion-related writing problems and how to overcome them, body language and action cues that address both acute and suppressed forms of emotion, suggestions for each emotion that cover a range of intensity, from mild to extreme, 75 description tips on emotion, dialogue, characters, and setting."--

When it comes to writing fiction, emotion is key. In order to capture the reader's empathy and allegiance, you must convey character emotion effectively. The Emotion Thesaurus is a tool that enables you to accomplish this by * highlighting 75 universal emotions and the internal and external cues associated with them. * identifying common emotion-related writing problems and how to overcome them. * suggesting logical escalations from one emotion to the next. * showing cues associated with acute and suppressed emotions. Authors, teachers, and students agree that The Emotion Thesaurus is a convenient and helpful resource for reaching past clichéd emotional phrases and coming up with fresh ways to express what their characters are feeling. Its user-friendly list format makes it easy to understand and easy to find exactly you need.

Of all the formative experiences in a character's past, none are more destructive than emotional wounds. The aftershocks of trauma can change who they are, alter what they believe, and sabotage their ability to achieve meaningful goals, all of which will affect the trajectory of a story. Enter The Emotional Wound Thesaurus, which explores over 100 possible traumatic experiences from a character's past and how they can impact the character in the present. Armed with this unique resource, authors will be able to root their characters in reality by giving them an authentic wound that causes difficulties and prompts them to strive for inner growth to overcome it.

"So how can writers figure out which flaws best fit their characters? Which negative traits will create personality clashes and conflict while making success difficult? Nothing adds complexity like character flaws. Inside the Negative Trait Thesaurus you'll find a vast collection of flaws to explore when building a character's personality, advice on building layered and memorable characters from the ground up, an in-depth look at backstory, emotional wounds, and how pain twists a character's view of himself, and his world, influencing behavior and decision making, a flaw-centric exploration of character arc, relationships, motivation, and basic needs, tips on how to best show a character's flaws to readers while avoiding common pitfalls, and downloadable tools to aid writers in character creation."--

Making readers care and feel like they're part of the story should be the number one goal for all writers. Ironically, many storytellers fail to maximize one of fiction's most powerful elements to achieve this: the setting. Not only can the right location become a conduit for emotion, it can also provide conflict, characterize the story's cast, reveal significant backstory, and trigger the reader's own emotional memories through sensory details and deep point of view. Inside The Urban Thesaurus, you'll find: A list of the sights, smells, tastes, textures, and sounds for over 120 urban settings Possible sources of conflict for each location to help you brainstorm ways to naturally complicate matters for your characters Advice on how to make every piece of description count so you can maintain the right pace and keep readers engaged Tips on utilizing the five senses to encourage readers to more fully experience each moment by triggering their own emotional memories Information on how to use the setting to characterize a story's cast through personalization and emotional values while using emotional triggers to steer their decisions A review of specific challenges that arise when writing urban locations, along with common descriptive pitfalls that should be avoided Downloadable tools to help you plan each setting so you can choose the right one for a scene, providing the biggest storytelling punch The Urban Setting Thesaurus helps you tailor each setting to your characters while creating a realistic, textured world readers will long to return to, even after the book closes.

Within the pages of a book lives a place of a writer's imagining, one that has the ability to pull readers in on a visceral level. But the audience's emotional fascination will only last if the author is able to describe this vibrant world and its inhabitants well. The setting is the unique story element that brings together characters and events. So much more than stage dressing, the setting is able to evoke mood, provide unique challenges that force the hero to acknowledge his faults and fight for what he wants, and hold a mirror up to his emotions, peeling back the layers of his most intimate feelings, fears, and desires.

What if there was a shortcut for helping readers get to know your characters? Would you take it? Characters are as complex as people and revealing their inner layers without chunky blocks of pace-stopping description is a challenge. The Occupation Thesaurus can help you unlock one of the best tools in your show-don't-tell writing kit: a character's job. Occupations are part of our everyday world, meaning they can be used to encourage readers to make associations between a type of work and the person doing it, shortening the "get to know the character" curve. Whether a person loves or hates what they do, a job can reveal many things, including their priorities, beliefs, desires, and needs. The Occupation Thesaurus will show you how a career choice can characterize, drive the plot, infuse scenes with conflict, and get readers on the character's side through the relatable pressures, responsibilities, and stakes inherent with work. THINK OUTSIDE THE BOX REGARDING CAREER OPTIONS Select a job that packs a powerful punch. Inside The Occupation Thesaurus, you'll find: Informative profiles on popular and unusual jobs to help you write them with authority Believable conflict scenarios for each occupation, giving you unlimited possibilities for adding tension at the story and scene level Advice for twisting the stereotypes often associated with these professions Instruction on how to use jobs to characterize, support story structure, reinforce theme, and more An in-depth study on how emotional wounds and basic human needs may influence a character's choice of occupation A brainstorming tool to organize the various aspects of your character's personality so you can come up with the best careers for them Do more with your description and choose a profession for your character that showcases who they are, what they want, and what they believe in. With over 120 entries in a user-friendly format, The Occupation Thesaurus is an entire job fair for writers.

"Inside The Positive Trait Thesaurus, you'll find a large selection of attributes to choose from when building a personality profile, real character examples from literature, film, or television to show how an attribute drives actions and decisions, influences goals, and steers relationships, advice on using positive traits to immediately hook readers while avoiding common personality pitfalls, insight on human needs and morality, and how each determines the strengths that emerge in heroes and villains alike, information on the key role positive attributes play within the character arc, and how they're vital to overcoming fatal flaws and achieving success, and downloadable tools for organizing a character's attributes and providing a deeper understanding of his past, his needs, and his emotional wounds."--

This unique visual thesaurus is designed to help writers of all ages to develop their emotional literacy. The book focuses solely upon emotions. Spanning circa 140 emotional words it is divided into three sections: ranges of emotions (offering a visual spectrum to be referred to by writers unsure of the intensity of feelings), synonyms (each image has similar images and words underneath it along with a sentence to help a new writer see how it can be embedded into a story), and antonyms - opposite pairs of feelings that are useful when wishing to create contrast in a storyline. This book will be a vital reference for every classroom and can be used individually or in whole class activities. Ian Long has worked as an artist with children, youth and adults. He has been a youth and children's worker in Gloucestershire, an artist-in-residence in Lambeth and is currently a teacher in a school in Marlborough. He is married to Jane and enjoys life with their two girls. Ian has illustrated many books for Pip.
