"A delightful novel...impossible to resist."--Barbara Kingsolver, Los Angeles Times Book Review Sofia and her fated daughters, Fe, Esperanza, Caridad, and la Loca, endure hardship and enjoy love in the sleepy New Mexico hamlet of Tome, a town teeming with marvels where the comic and the horrific, the real and the supernatural, reside.

Máximo Madrigal, an expatriate of Sapogonia, the metaphorical homeland of all mestizos, confronts the difficult issues of identity and race.

For more than forty years, Chicana author Ana Castillo has produced novels, poems, and critical essays that forge connections between generations; challenge borders around race, gender, and sexuality; and critically engage transnational issues of space, identity, and belonging. Her contributions to Latinx cultural production and to Chicana feminist thought have transcended and contributed to feminist praxis, ethnic literature, and border studies throughout the Americas. Transnational Chicana Perspectives on Ana Castillo is the first edited collection that focuses on Castillo's oeuvre, which directly confronts what happens in response to cultural displacement, mixing, and border crossing. Divided into five sections, this collection thinks about Castillo's poetics, language, and form, as well as thematic issues such as borders, immigration, gender, sexuality, and transnational feminism. From her first political poetry, *Otro Canto*, published in 1977, to her mainstream novels such as *The Mixquiahuala Letters*, *So Far From God*, and *The Guardians*, this collection aims to unravel how Castillo's writing impacts people of color around the globe and works in solidarity with other third world feminisms.

An Anchor Books Original Cherished for her passionate fiction and exuberant essays, the author hailed by Julia Alvarez as "una storyteller de primera," and by Barbara Kingsolver in *The Los Angeles Times* as "impossible to resist," returns to her first love--poetry--to reveal an unwavering commitment to social justice, and a fervent embrace of the sensual world. With the poems in *I Ask the Impossible*, Castillo celebrates the strength that "is a woman?buried deep in [her] heart." Whether memorializing real-life heroines who have risked their lives for humanity, spinning a lighthearted tale for her young son, or penning odes to mortals, gods, goddesses, Castillo's poems are eloquent and rich with insight. She shares over twelve years of poetic inspiration, from her days as a writer who "once wrote poems in a basement with no heat," through the tenderness of motherhood and bitterness of loss, to the strength of love itself, which can "make the impossible a simple act." Radiant with keen perception, wit, and urgency, sometimes erotic, often funny, this inspiring collection sounds the unmistakable voice of a "woman on fire" and "more worthy than stone."

f the Dreamers points out the omissions and challenges the misconceptions of a society that recognizes race relations as primarily a black-and-white issue. Castillo's essays analyze the 500-year-old history of Mexican and Amerindian women in this country and document the ongoing political and emotional struggles of their descendants.
