Toolbox meeting is one of the best ways to communicate the importance of safety. It should be conducted daily first thing in the morning or before the start of the work shift. Running effective toolbox meetings can be challenging. To help make it easier, this guide aims to provide a clear and systematic format for conducting such meeting.

Guide to EFFECTIVE TOOLBOX MEETING

A Toolbox Talk, sometimes called safety meeting or safety brief, is an informal, onsite meeting where all workers meet at the beginning or end of the workday or shift. These meetings, usually 10-20 minutes long, cover a variety of different topics but are often centered around safety at the worksite. Toolbox talks give workers a heads up on any particular safety protocol that needs to be followed on-site as well as tips for working under specific weather conditions, with specialized ...
