Roger Moreau, the maze master who created such popular collections as Dinosaur Escape Mazes and History Mystery Mazes, is going buggy! Every one of these puzzles features creepy-crawly creatures such as dragonflies, centipedes, and tarantulas. Kids will have to take their pencils and find a way to reach them, avoid them, and take them where they want to go. Clear a path past the scrap wood munched and crunched by termites. Move from flower to flower in order to save the ladybug from a hungry praying mantis. Work up the courage to go up close to the black widow spider while keeping well away from her babies. There are 28 mazes in all, including a bonus one on the cover.

From the elephants of Africa to the penguins of Antarctica, children will delight in this colorful, maze-filled journey around the world. The wild trip is courtesy of Roger Moreau, creator of the popular Dinosaur Escape Mazes (60,000 copies sold) and Wizard Magic Mazes (70,000 copies). Start the safari in Nairobi, where-- if you can find your way climbing up vines, running over rough trails, and crossing rivers -- dozens of creatures will greet you, including an endangered Black Rhino. From there, head to Asia and search for a clear path through the bamboo to reach the pandas. Then, it's on to South and North America, and finally to the Arctic where polar bears play and solvers have to go slip-sliding safely across blocks of ice.

Fiona Danks and Jo Schofield are back with more wonderful ideas for fun outdoors even in the most challenging weather! Imagine - jumping in the biggest puddle you can find! - Or running barefoot and feeling squidgy mud ooze up between your toes! - Or run up the nearest hill to feel the wind try to carry you away! When it's wet, or windy or cold, there's no need to stay cooped up indoors; it's a great opportunity to rush outside for some fun. - Go on an animal hunt and find the creatures that come out in the wet. - Fly a kite in the wind and catch falling leaves. - Take your camera into a white world and see how many different icy patterns and shapes you can find. There are loads of exciting and creative things you can do in the natural world when the weather's wild. So don't wait for the sun: take this book with you and go outdoors for a wild weather adventure!

Keith Maze has inspired many people during his battle with cancer. Battle is a good way to describe it. Maze is more of a battler than a victim. Maze has always been a fan of the underdog, rooting for and helping them in any way he can. Even during the darkest days of battling the disease the talented singer organized or performed at many charity events. So who could have imagined that one of the underdogs he helped was, well, a dog? Maze found the Jack Russel named Wishbone annoying in the beginning. Between

the frequent fights with another Jack Russel, and constantly dropping a plastic toy on top of Maze's shoe in an effort to get his attention, the dog was nothing more than a nuisance. But then the dog lost one of it's limbs in a tragic accident and everything changed. The two suddenly had something in common - being "Single Handed". This story will draw a tear to your eye, but have you laughing at the same time. Not only can you overcome adversity during the worst moments, you can also do it with a smile.

Felwitt is a place like no other; battered by heavy snow, covered by dark clouds, and completely isolated from the rest of the world as a result of a curse that has fallen upon it. Felwitt's most notorious teenager, Gustav Grubbin, is determined to find out the truth behind the village's bizarre weather conditions.

Chock-full of information from The World Almanac for Kids, the books in this series provide stimulating puzzles and games that can be used as quick stand-alone activities or to reinforce classroom lessons. Each subject-specific section includes valuable background information along with brain teasers that develop a variety of skills and appeal to all types of learners.

The Maze divides up the land, isolating communities and loved ones, and hated ones. On the Outside, the League of Monasteries rules supreme. On the Inside, the Kingdom rules in ignorance of its own isolation, free of all Gods. At its centre, the Village struggles to survive. This is a story of confusion, conflict, deception and double-crossing between members of a dysfunctional Royal Family. It is also the story of a despotic Chief Monk, and the story of an orphaned village girl wishing for a better life. By the end the emotional complexity, hurt and betrayals overwhelms all.
